Simple, clever, packaging solutions
...for any meal, any day of the week!
HandRap™ is a combination of paper or film adhered to a profiled cartonboard to form a receptacle which is ergonomic to pack and eat from.

The different pack shapes make the range ideal for a wide variety of hot and chilled food items such as Sandwiches, Paninis, Tortillas, Subs and Baguettes.

- Complete flexibility – we’ll design a solution to suit you
- Enhanced customer satisfaction thanks to ergonomic functionality
- Excellent branding opportunities
- Flat pack – so you save on transportation and storage costs
- Ideal for cold products such as sandwiches, tortillas, panini and baguettes
- Also ideal for hot products such as burgers, savouries, pasties, sausage rolls and bakes
- Combines lightweight paper or film and profiled carton board to form receptacle
- Made from sustainable materials

Versatile food-to-go packaging for any meal, any time of day

- Ideal for any meal at any time of the day, MultiRap’s 7.5” x 7.5” square design is suitable for hot and chilled food items ranging from pizzas, burgers and toasties to doughnuts and muffins.

- MultiRap™ combines a grease resistant bag with a wraparound carton board to enable easier handling for hot food so products can be served quicker.

- The sustainable pack is designed with the consumer in mind thanks to a tear-off perforated strip to make food easier to consume on the move.
HotRap™

The HotRap™ system is based on a combination of lightweight film adhered to a profiled corrugated board to form a receptacle to eat from. The uniqueness of this application is that it can be put directly into a hot cabinet for up to four hours, keeping the product hot and fresh. The board element adds insulation against high temperatures while holding a hot savoury product such as sausage rolls, pasties and meat pies straight from the hot cabinet.

- Can be stored in hot cabinets for up to a maximum of 4 hours, while keeping the product as tasty as when it went in
- Microwaveable
- Insulation against high temperatures
- Ergonomic design aids eating on the move
- Unique construction protects the product
- Reduced distribution and storage costs through flat pack design
- Keeps the food hot and fresh
- Gives maximum product visibility
- Easy to assemble and pack product

RAP’s other simple, clever packaging solutions for all four seasons of the year

**HotRap™**

HotRap™ is a combination of lightweight paper laminated to film to form receptacles suitable for hot ‘Food to Go’ products, including; pizza, hot rolls, baps, wraps, toasties, sausage rolls, pasties and meat pies.

**BagRap™**

BagRap™ is a combination of lightweight paper laminated to film to form a bag suitable for ‘Food to Go’ products, including; Square-Cut Sandwiches, Bloomers and Speciality Sandwiches, plus other uses such as Bakery Products and Confectionery.

**MA Wedge™**

MA stands for ‘Modified Atmosphere’. Our MA packs combine a lightweight board with a film laminate and are suitable for gas flushing.

The board provides strength and a quality print surface for image and information and the film is high barrier, for sealing in freshness and extending shelf life.

**Softpack™**

Softpack™ is a combination of lightweight paper laminated to film to form receptacles suitable for ‘Food to Go’ products, including; Baguettes, Wraps, Subs, Bloomers, Paninis and Speciality Sandwiches.

**SIMPLE, CLEVER, PACKAGING SOLUTIONS**
DESIGN & TECHNICAL CENTRE

All RAP innovations begin life at our dedicated Design and Technical Centre. This is where ideas become reality, at the hands of some of the most gifted packaging experts in the business.

MANUFACTURING

RAP combines impressive design technology with in-house expertise to offer engineering solutions and manufacturing capabilities. We recently invested €6 million into our state-of-the-art manufacturing facility in Ireland, allowing us to continue producing groundbreaking packaging systems.

TRANSPORT & LOGISTICS

RAP leads the industry in supply chain delivery. With all services offered in-house, we’re able to take your concept from design stage to finished product to its final destination completely seamlessly. Our clients appreciate that they don’t have to waste time chasing third parties – we take care of all the logistics.

GRAPHIC DESIGN & PRE-PRODUCTION

Our in-house Graphic Design and Pre-Production team have a unique understanding of the materials, construction and philosophy behind our packaging, as well as considerable experience in how to maximise shelf impact.
